Instructions for Submitting Tax Information from the IRS for Financial Aid Verification

If your financial aid application is selected for review in a process called “verification”, you must provide the Financial Aid Office additional documentation to check the accuracy of information submitted on your FAFSA as mandated by the U.S. Department of Education. If you, your spouse and/or your parent(s) filed an income tax return in 2023, you must submit a copy of your, your spouse’s and /or your parent(s)’ IRS Tax Return Transcript or use the IRS Data Retrieval Tool within the FAFSA. If you, your spouse and/or your parent(s) did not file a 2023 income tax return you must submit a Verification of Non-Filing status letter from the IRS. Dependent students do not need to submit Verification of Non-Filing status letter for themselves but are required to submit one for their parent(s).
