Guidelines

Students who are doing prerequisite coursework to gain admission to a future program are not eligible for grants or Work-Study. However a student could be federal loan eligible if they are enrolled in at least 6 credits and meet the following conditions:

- Meet federal loan eligibility requirements.
- The coursework requested by the student must be documented as required to gain entrance to your future program.
- The student cannot request to re-take any coursework purely to raise their GPA.
- The coursework must be part of a financial aid eligible program offered at Shoreline, and not designed only to serve as a standalone preparatory course.
- **The loan can only be offered once in a student's academic lifetime, and for no longer than 12 consecutive months (one calendar year).** *It cannot be extended past the 12 months under any circumstances.

Required Documents

- ☐ Submit documentation of preparatory courses needed for the intended academic program. Documentation can be a copy of the program's catalog or web page listing the required preparatory classes.
